## About Me

---

I'm Jovan Nathaniel, and I am a motivated 6th-semester Information Systems student eager to bring positive energy and dedication to the professional world. Through my academic journey, I have developed a solid understanding of information technology, system development, and the practical skills needed in today's work environment.

---

## Education

---

### 2020 - 2023 | SMA Pangudi Luhur Bernardus

I learned a lot of basic programming throughout my 3<sup>rd</sup> year in high school

### 2023 - 2027 | Tarumanagara University

I'm an active student currently in my 6th semester, and I am in my internship year.

---

## Job Experience

---

### 2025 - 2025 | Sales | Self Employed

Established and managed a small-scale culinary business focusing on homemade egg rolls. Successfully generated total revenue of IDR 20,000,000 through effective direct selling and customer relationship management. Developed marketing strategies to expand customer reach, resulting in consistent repeat orders.

---

## Skills

---

**Front-end | Back-end | Business Analyst | Data Analyst | Mobile Programming**

---

## Portfolio
